THE IDEOLOGIES OF
SATANISM, LUCIFERIANISM,
AND THE LEFT HAND PATH

WHAT IS SATANISM? — O9A

- 1) Satanism is a quest for self-excellence, involving real danger, real challenges, and requiring real courage. It involves taking your body to and beyond its physical limits of endurance.
- 2) Satanism is, in part, an inner quest, an exploration of the 'hidden' (and overt) aspects of consciousness: a discovery of the darkness within and beyond the individual psyche.
- 3) Satanism involves ordeals, both physical and magical. Those who are suitable triumph; the others fail.
- 4) Satanism requires the practical experiencing of all moral limits, and then a mastery of the feelings, desires, pleasures, terrors, pains and so on that these imply.
- 5) Satanism involves the individual defiance of all subservience: a Satanist accepts guidance only, and refuses to be dominated or intimidated by anyone. This guidance is toward practical experience, and it is by this experience that the novice learns and develops a genuine Satanic character.

WHAT IS SATANISM? — O9A

- 6) Satanism involves sacrifice - this is a necessary test of character.
- 7) Satanism is a means - a method, or way, and the purpose of this means, method or way is to produce a specific type of individual: the next stage of our evolution as a species. Satanism is thus an expression of evolutionary change - on both the individual level and in respect of 'societies' and 'history'.
- 8) Satanism is elitist. It does not compromise - its tests, ordeals, methods, and character-building experiences are severe and will never be made easier to make them acceptable to more people or easier to undertake.
- 9) Satanism is esoteric by nature and intent: it is both a 'secret' way, by virtue of its methods etc., and it is not, nor probably will be, suitable for the majority for many, many centuries.

INSIGHT ROLES

- o Either by foot or by bicycle or by accepting lifts, travel alone around the world, taking between six months to one year (or more). You must live frugally and carry with you most of what you need. You should travel to as many countries as possible, the more remote the better, and expect sometimes to find work to enable you to travel further.
- o Become a professional burglar, targeting only victims who have revealed themselves to be suitable (e.g., by testing them - qv. the Order MSS dealing with victims etc.). The aim is to specialize in a particular area - e.g., Fine Art, jewellery - and become an 'expert' in that area and in the techniques needed to gain items.
- o Undertake the role of extreme political activist and so champion heretical views (by, e.g., becoming involved in extreme Right-Wing activism). The aim is to express fanaticism in action and be seen by all 'right-thinking people' as an extremist, and a dangerous one.
- o Join the Police Force (assuming you meet the requirements) and so experience life at 'the sharp end' and being a servant of a higher authority.

All roles should last for at least six months and all must be completed (i.e., you leave them) before the end of eighteen months. All the roles will by their very nature test your Satanic Views and beliefs and thus your desire to continue along the sinister way. All will expose you to difficulties. Once the choice is made, it is up to you to find means of undertaking the role - e.g., in the case of joining the Police, finding reasons why which will convince a selection panel; in the case of becoming a burglar, finding someone to buy your stolen items and so on.

SATANISM AND EVIL — 09A

"Satanism is dark, and Satanists revel in evil. As a word, evil is regarded as deriving from the Gothic (via Old English) 'ubils' implying 'beyond' and 'going beyond due limits'. Later, the word - like so many others - was re-interpreted 'morally', in the abstract terms of Nazarene fundamentalism, and 'evil' became a general term applied to one's opponents and those excesses which timid and psychically ailing Nazarenes feared.

Genuine Satanists do evil; they cultivate evil; they are evil in all senses of the term now accepted. Imitation Satanists, however, play mental and intellectual games; they enjoy the 'thrill' of calling themselves Satanists. Some go further and may revel in local notoriety, finding vicarious pleasure in being known as a 'Satanist'. But these impostors do no evil - in fact, they explain (quite often) that Satanism has been misunderstood and is really rather a 'moral religion' (or something of the kind), perhaps even an 'ethical knowledge'. Such people are pathetic — and certainly not Satanists."

HUMAN SACRIFICE/CULLING — 09A

"An involuntary sacrifice is when an individual or individuals are chosen by a group, Temple, or Order. Such sacrifices are usually performed on the Spring Equinox, although if this is not possible for whatever reason, another date may be used. While voluntary sacrifices are always male (and usually twenty-one years of age), there are no restrictions concerning involuntary sacrifices other than the fact that they are usually in some way opponents of Satanism or the Satanic way of living.

Great care is needed in choosing a sacrifice: the objective being to dispose of a difficult individual or individuals without arousing undue suspicion. A Temple or group wishing to conduct such a sacrifice with magical intent must first obtain permission from the Grand Master (or Mistress).“

"Too often, in the past, the true nature of Satanic sacrifice was hidden - even from many who professed to be Satanists. More recently, pseudo-Satanists have claimed that 'Satanism does not and never has conducted human sacrifices'. However, I repeat that human sacrifice, properly conducted, is a fulfilling and thus is positive. It is a part of Satanic practice."

THE ADVERSARIAL DOCTRINE

7. Lilith represents the wisdom and instinctual power of both woman and man, that the feminine is the motivator of all life.
8. Lilith represents independence and freedom of spirit.
9. Lilith represents sexual liberation and the desire to seek what you wish, with responsibility and regard to the law.
10. Lilith represents the thirst for continued existence in time, the immortality of the spirit beyond flesh.

1. Lucifer represents the light of intellect, wisdom and power unique to each individual with the courage to ascend to this responsibility.
2. The symbol of the Adversary is that of the selfliberator and spiritual rebel who inspires self-evolution.
3. Lucifer represents the balanced torch bearer of Venus: the Light Bringer as the Morning Star and the Night Bringer as the Evening Star.
4. The Adversary symbolizes the spark of consciousness which questions everything, manifesting the individualistic path with accountability only to the self.

THE 11 LUCIFERIAN POINTS OF POWER

7. Lucifer represents the courage and fortitude to acquire healthy selflove, leading to the responsibility of honoring your temple of mind, body and spirit.

10. Lucifer represents the insight that every act, no matter if perceived as selfless, is at core a selfish act. Even if helping others is your passion, the brain still receives a chemical reward triggered by the act. This is why many consider that doing good deeds in society may bring you closer to “god”. Recognize you are selfish, then see this fact in all others while observing. Accept this and then with this knowledge, make choices that would benefit not only yourself but your loved ones’ when possible.

11. To become your own god is to fully understand that you possess the power to create and sustain your path in life and illuminate the light of self-determined potential.

THE SEVEN TENETS

- One should strive to act with compassion and empathy towards all creatures in accordance with reason.
- The struggle for justice is an ongoing and necessary pursuit that should prevail over laws and institutions.
- One's body is inviolable, subject to one's own will alone.
- The freedoms of others should be respected, including the freedom to offend. To willfully and unjustly encroach upon the freedoms of another is to forgo your own.
- Beliefs should conform to our best scientific understanding of the world. We should take care never to distort scientific facts to fit our beliefs.
- People are fallible. If we make a mistake, we should do our best to rectify it and resolve any harm that may have been caused.
- Every tenet is a guiding principle designed to inspire nobility in action and thought. The spirit of compassion, wisdom, and justice should always prevail over the written or spoken word.
